

INTERESTED IN SOME 'OTHER' OPTIONS ? Read On !

Kenya is so rich in diversity and there is so much choice ~ we have chosen the best highlights for our most discerning guests and believe they provide the variety and exemplary experience expected on a typical safari.

BUT there is so much more

We can arrange special interest "add-ons" or combinations for 1 person safaris to large group safaris.

COASTAL

Our beaches are pristine, white sandy, palm fringed meanders, the gentle and warm Indian Ocean coral reefs are teeming with beauty ~ Diving, Snorkelling, Deep Sea Fishing and all the watersports imaginable are available. Zanzibar is close enough too and easy to 'hop-over' to from Kenya. It's culture and ambience are unique and it is perfect for a romantic getaway.

FARMING

There are vast coffee, tea, wheat, maize & barley plantations. Cattle & sheep breeding, beef & dairy farming, floriculture, general horticulture, rabbit, pig, chicken farming & bee-keeping. Fish farming has also become very popular. These vary from small holdings to large ranches or estates throughout the country.

CONSERVATION

Prevalent in all areas we generally visit, there are research stations, researchers, charitable organisations & trusts all working passionately to conserve wildlife, the environment and to work together with local communities.

CULTURE & COMMUNITY

Kenya's vibrant mix of communities is fascinating. All our guests will experience some interaction with the local communities surrounding the areas we visit, but there is more ! Visiting local schools, hospitals are humbling and so endearing. Village visits are recommended ~ the insights to daily life can be life changing. There are many charitable organisations, orphanages, health initiatives all geared to helping in whatever small way they can, we can arrange interaction and visitation activities throughout or at some point during the safari.

ART

If you are artistically inclined, you will be satiated with inspiration just about everywhere you go! The lighting, skies, vibrant colours, vista's and subjects will have you "twitching" to sketch, paint and capture as much as you can. We can arrange to have a renowned Kenyan Artist join us on the safari, to teach and interact or we can arrange visits to a few of the awe-inspiring exhibitions, foundries or craft centres.

HOLISTIC & NEW AGE

There is absolutely no doubt that for the spiritually minded your trip will be a soul quenching and spiritual adventure. We can enhance this by introducing options including, but not limited to Yoga, Meditation, Reflexology during your safari. We can also arrange for holistic practitioners or a personal trainer to join part or whole of the safari.

PHOTOGRAPHY

Bringing a camera with you is imperative ! Many of our guests prefer a light-weight easy-to-use camera with a small selection of lenses, or their mobile 'phone is perfect for the memories they would like to capture. However, for the professionally adept and serious photographers, we love to add as many opportunities as possible to capture the perfect shot. There are endless options.

ADVENTURE

Rock climbing, abseiling, white water rafting, skydiving, paragliding, micro-lighting, cycling, quad biking, motorcycle riding, horse & camel riding, hiking are all possible!

WALKING SAFARIS

Walking through the untouched, natural and wild wilderness is one of the most exhilarating experiences Kenya can offer. Camels are used to carry the basic essentials, professional armed guides and knowledgeable porters accompany you. Each night can be spent at another location in basic, but comfortable temporary camps or daily walks can be taken from one base camp.

WEDDINGS & HONEYMOONS

We have thoroughly enjoyed the many weddings we have arranged in the 'bush'; The choice of venue's is dependant on what the happy couples needs are, and is vast! It's all in the details which we are experts at.

Just about every destination in Kenya is perfect for Honeymooners! They will be spoilt for choice and will enjoy the many surprises and special touches that so many of the destinations love to include.

MULTI-GENERATIONAL SAFARIS

~

SPECIAL BIRTHDAYS OR ANNIVERSARIES

Create unique, happy, bonding & exciting life long memories for you and your family to celebrate just "being" together or a special anniversary or birthday

INCENTIVE GROUPS

Spoil your key employees with a trip of a lifetime! Large or small groups ~ we'll arrange it all
